■ Lecture on 'Health Awareness'

To create awareness about adolescent health issues as most of the engineering students do not opt for studying biology during junior college studies, they lack scientific information about physical changes and development. Misleading information gathered from other sources could create confusion and anxiety.

The session was conducted on 30th June 2018 by members of Gynaecological Society, Nashik as Adolescent health Initiative to create awareness among young students. Dr. Chandrakant Sanklecha, Dr. Ravindra Shivde, Dr. Chandrashekhar Khairnar, Dr. Gauri Kanitkar and Dr. Sushama Bhutada interacted with girls and boys in two parallel sessions about various Physical, Emotional and Psychological issues while growing up. Inputs were given about how to maintain good hygiene and precautions for keeping away from health problems. Students got information from expert doctors. Many issues were addressed in the open interactions with students while answering their questions, clearing their doubts. About 79 girls and 73 boys of second year were benefitted by this session.
